

CORE EXPERTISE

- PMO Governance:** Resources, capacity, margins, risk registers.
- Methodology:** Agile SAFe, Lean Muda, CI/CD pipelines.
- Integrations:** ERP, API architectures.
- Compliance:** ASPICE v3.1/4.0, ISO 26262, GxP guidelines.

KEY CLIENTS & INDUSTRIES

Clients:
BMW • Volkswagen • Audi
SAIC-GM • Lear Corporation

Sectors:
Automotive • E-Mobility
AgriTech • Industrial IoT

VALUE AT A GLANCE

Max Team Managed
40+ FTE Global
Capacity Recovered
800+ hrs/month (VW)
Integration Speed
1 day ↓ from 1 week
Defect Backlog
-90% (600→60, BMW)

TECHNICAL STACK

PMO & Portfolio:
MS Project, Jira, Confluence, Wrike
Infra & Arch:
Cloud, IoT Edge, API, SVN, GIT
Languages:
C, C++, Python, XML
AI & Automation:
GenAI Workflows, Prompt Eng., LLM

EXECUTIVE SUMMARY

Technology Portfolio Director with **15+ years** in hardware/software programs across ultra-regulated industries. Recovered **800+ hrs/month**, cut defect backlogs by **90%**, and saved **€30K+** for Tier-1 OEMs. Expert in Agile SAFe, Lean, and ASPICE across 40+ FTE global teams. Bridges C-suite strategy with precision technical delivery.

PROFESSIONAL EXPERIENCE

DEBUG NOMAD SLU

Managing Director & Portfolio Delivery Consultant

Apr 2019 – Present
Barcelona, Spain

- Strategic PMO consulting and delivery governance for global Tier-1 industrial and e-mobility suppliers in highly regulated system lifecycles.
- Manages 40+ FTE remote teams across 8 countries; operational partner to COOs implementing Agile/SAFe and multi-vendor alignment frameworks.

Agribusiness Modernization Portfolio

Program & Delivery Manager — IoT & AI

Apr 2023 – Jun 2024
Remote

- Led end-to-end Cloud/IoT/AI digital transformation of agricultural facility; built Edge-to-Cloud pipelines, BI analytics and QC systems.
- Governed finances, sub-supplier SLAs, and logistics as primary interface to Quality, Finance and Operations leadership.

RADAR Program [BMW]

Senior Delivery Lead & Solution Consultant

Mar 2022 – Dec 2022
Remote

- Led requirements management and multi-track delivery; standardised Jira/Confluence KPI tracking.
- Recovery Plan:** Reduced open integration issues from **600 to 60** in 9 months, restoring OEM trust and hitting launch milestones.

Portfolio of Advisory Engagements

Independent PMO Advisor & Business Development

Oct 2020 – Feb 2022
Europe / Remote

- Developed proprietary PMO governance frameworks and Lean delivery templates adopted across subsequent Tier-1 engagements.
- Expanded Debug Nomad SLU commercial pipeline; advanced ASPICE and functional safety competency development.

Electric Drive Unit [VW]

Enterprise Portfolio & SW Program Manager

Jan 2020 – Sep 2020
Remote

- Led 40+ FTE platform migration; **reclaimed 800+ hrs/month** via handoff restructuring; cut integration cycle from **1 week to 1 day**; saved **€30K** via vendor negotiation.

BMS Program [SAIC-GM & AUDI]

Technical Delivery Lead & Consultant

Apr 2019 – Nov 2019
Europe / Remote

- Managed software office ramp-up (+5 FTE in 30 days); scaled quality benchmarks across 3 parallel client projects.

LEAR CORPORATION

Enterprise Tools Lead / SW Team Leader / Resident Eng.

Feb 2010 – Nov 2018
Munich, Germany / Valls, Spain

- Directed tools architecture and LDAP compliance for **700+ developers**; led SW and validation teams for [BMW] Battery Management Systems (SBOX).
- Resolved critical anomalies for [BMW], [Daimler] and executed vehicle integration at [VW] Pamplona.

ACADEMIC BACKGROUND

MBA in New Technologies

Business Management & Modern Tech Integration (completed part-time alongside consulting practice)

Oct 2024 – Mar 2025

M.Sc. Digital Telecommunications

2007 – 2008

B.Sc. Electrical Engineering & Computer Science

2000 – 2006

Specialized 6-Year Degree in Computer Engineering
